Naval Survival Training Institut

Purpose: To assist the joint warfighter in winning the fight by providing safe, effective, and relevant human performance and survival training.

8 CNO directed CONUS locations – Aviation Survival Training Centers (ASTCs)

Naval Aviation Survival Training Program (NASTP): 21 different CNO approved curricula tailored to aircraft, mission, and associated flight equipment.

COURSES	LENGTH
1. Aircrew Refresher Training (Four year re-qualification interval)	2 days
2. Aircrew Initial NASTP Training (required prior to flight)	3- 5 days
3. Non-aircrew NASTP Training – e.g. selected passengers, VIPs	1- 2 days
4. Non Aircraft Specific Training – e.g. 'helo dunker'; CFET; ROBD	1 day
5. Aerospace Physiology Technician Course (NEC 8409)	5 weeks
6. Naval Aviation Water Survival Instructor (NAWSTI- NEC 9504)	2 weeks
7. Aerospace Physiologist Internship Program	20 mos
8. 8409 Internship Program	12 mos

NAVY MEDICINE
World Class Care…Anytime, Anywhere

Naval Aerospace Medical Institute

Purpose: To support Navy and Marine Corps aviation units through expert aeromedical consultation, services development and application of aeromedical standards and training of aeromedical personnel for operational assignments.

COURSES	LENGTH
1. Naval Flight Surgeon	6 months
2. Naval Aerospace Physiologist	6 months
3. Naval Aerospace Experimental Psychologist	6 months
4. Naval Aerospace Optometrist (AQD)	6 months
5. Aerospace Medicine Technician (NEC 8406)	10 weeks
6. Aerospace Medicine Residency	24 months
7. Flight Surgeon Refresher Training	2 weeks
8. Medical Student Clerkship	2 - 6 weeks

240 STUDENTS ANNUALLY

AEROMEDICAL DISPOSITIONS:

Number of consultations annually: 15,000
Number of physicals annually: 6,000

PHYSICAL QUALIFICATIONS PROGRAM:

Waiver physical exam applications processed : 12,500
Aviation Selection Test Battery : 9,000

NAVY MEDICINE
World Class Care…Anytime, Anywhere

Naval Undersea Medical Institu

Purpose: Provides training and technical support in Undersea Medicine and Radiation Health.

COURSES	LENGTH
1. Undersea Medical Officer Candidate Course	23 weeks
2. Radiation Health Officer Course	5 weeks
3. Sub Force Independent Duty Corpsman/HM-8402	58 weeks
4. Radiation Health Indoctrination Course	1 weeks
5. Radiation Health Technician/HM-8407	10 weeks
6. Independent Duty Corpsman Refresher Training	5 weeks
7. Surface to Submarine IDC Conversion Course	22 weeks
8. Emergency Medical Assistance Team Training	4 days

130 STUDENTS ANNUALLY

Surface Warfare Medicine Inst

Purpose: Provides global medical support, training and consultatio Surface Forces on all issues regarding afloat operations. Coordinates and performs operational readiness training, LCAC Medical Screening, reference publications, course execution and curriculum revision.

COURSES	LENGTH
1. Surface & Dive Independent Duty Corpsman/HM-8425/8494	52 weeks
2. Surface Warfare Medical Indoctrination and Refresher Training & 2 weeks	1
3. Command Amphibious Task Force/Expeditionary Strike Group (CATF/ESG) Surgeon Course	2 weeks
4. Surface Warfare Medical Officer Indoctrination Course (SWMOIC)	3 weeks
5. Surface Warfare Medical Department Officer Indoctrination Course (SWMDOIC)	2 weeks
6. Medical Regulating Course	3 days
7. Operational Medicine Symposia	1 day
8. Humanitarian Civic Assistance Symposium (HCAS)	2 days
9. Health Services Augmentation Program	4 days
10. Advanced Dental Assisting Program	10 weeks
11. Navy Drug and Alcohol Counselor School	21 weeks
12. Physician Assistant Phase II Program	52 weeks

750+ STUDENTS ANNUALLY

NAVY MEDICINE
World Class Care…Anytime, Anywhere

Naval Expeditionary Medical Training Institute

Purpose: Provides instruction on the assembly, disassembly, establishment of command structure, and basic operations of an Expeditionary Medical Facility.

Provides Pre-deployment training for Expeditionary Medicine Units per Combatant Commander Requirements. Also provides intensive stabilization trauma care experience at the Los Angeles County USC Medical Center's Navy Trauma Training Center (21 days/course; 11 courses/year; 24 students/course)

Center of Excellence for Tactical Combat Casualty Care training

COURSES	LENGTH
1. Expeditionary Medical Facility Pre-Deployment Training	10-21 days
2. EMF Field Training conducted only at NEMTI	8 days
3. Navy En Route Care	3 days
4. Indoctrination and Orientation (I&O) Exportable Training	2 day
5. Operational Readiness Evaluation (ORE)	8 days
6. Tactical Combat Casualty Care	3 days
7. Naval Trauma Training Center (LAC+USC)	21 days

Naval Special Operations Medical In e

Purpose: Conduct combat medical training for Special Operations Forces to include Recon Corpsman, SEAL and Surface Warfare Combatant-Craft Crewman (SWCC) Medics under U.S. Special Operations Command (USSOCOM)

COURSES **LENGTH**

- **Navy: Special Operations Combat Medic/HM-8427/5392 7 months**
  8 Classes/yr 72 students per class (Navy, Army, Foreign Service)
  (*8 Months)
  100 Navy Seats/yr
  576 students annually
- **Navy: Special Operations Independent Duty Corpsman, 6 months**
  B-300-0015/2403 (NEC-8403)
  (*4 Months)
  16 Navy Students trained in FY-09
  48 students annually
- **Navy/Army: Special Operations Combat Medical Skills Sustainment Course, 2 weeks**
  B-300-0111
  105 Navy students trained in FY-09
  924 students annually

Approximately 20 International Students trained annually

R. E. Mitchell Center for Repatriated Prisoner of War (RPOW) Studies

Purpose: The Mitchell Center provides follow up studies of RPOWs as a result of WW II, Korea, Vietnam, Desert Storm, and OIF, to evaluate the mental and physical effects of captivity.

The Center performs more than 500 RPOW evaluations each year for members of all services as well as the State Department. Functions as the only longitudinal study of RPOWs.

In recognition of the Center's important work, SECNAV directed the creation of the Mitchell Foundation, a private 501C3 corporation, to help support the Center's research efforts.
